from time to time we send information and special offers to our customers which are both relevant to the activity you have undertaken and we feel will be of interest to you. If you do not wish to receive these, please tick here:

participation statement from UK Governing Body, 'British Mountaineering Council':

"The British Mountaineering Council recognises that climbing and mountaineering are activities with a danger of personal injury or death. Participants in these activities should be aware of and accept these risks and be responsible for their own actions and involvement."

"I, the parent/guardian, have visited Craggy Island Guildford and understand the risks involved in participation. I have read and understood the participation statement and agree to the Terms & Conditions of Use for Craggy Island (printed on reverse) and consent to the above named 14-16 year old climbing unsupervised at the centre. I have ensured that my child understands that when participating in climbing and bouldering activities, any instructions given by Craggy Island staff must be adhered to at all times. I undertake to inform staff of any changes in my child's health and any medical treatment received."

Please tick here to confirm that you have read, understood and accept the above statement:

To be completed by a suitably qualified Craggy Island Instructor:

Please note: no help or instruction is given during assessment. Only full competency, without exception, will result in 14-16 yrs membership being offered. A fully completed consent form (see front page) will be required before membership is valid.

Kitting up:

- DMM hire harness assembled and fitted correctly
or
- Participant's own harness assembled and fitted correctly
- Understanding of safety benefits of wearing a helmet
(it is the individual/parent/guardian's choice as to whether or not a helmet is worn after the test has been successfully completed)

Preparing to climb:

- Correct tie in using figure of 8 knot (preferable)
or
- Correct tie in using bowline knot
- Understanding of need to communicate clearly with climbing partner

Belaying:

- Correct use of friction belay device (e.g., ATC) and appropriate belay technique
- If appropriate, use of semi-locking belay device (e.g., Gri Gri) and correct belay technique
- Participant can hold falls and ensure their partner is able to return safely to the ground
- Correct use of anchor bags if instructor feels their use may be appropriate at any time

Bouldering:

- Participant understands how to use the bouldering wall safely

Behavior and attitude:

- Participant demonstrates maturity and appears safe and trustworthy whilst in the centre

Result:

- All ticks – PASS Some crosses – FAIL
